- 1.** Highlight the URL above (the entire first line only beginning with http://www...) and copy it to your clipboard by holding the "Ctrl" key and pressing the letter "c".
- 2.** Now open iTunes
- 3.** Click on "Podcasts" along the left side menu if you would like to see what you have in your podcasts and be on the podcast page as you work
- 4.** Across the top, click on "Advanced"
- 5.** Click on "Subscribe to Podcast"
- 6.** Copy the URL into the "Subscribe to Podcast" box by holding the "Ctrl" key and pressing the letter "v"
- 7.** The URL above should have copied into the box. It will wrap the text onto two lines but that's fine
- 8.** Click on "OKAY"
- 9.** The box will disappear and you should see the subscription to Spring Creek Church Podcast appear in you podcast list.
- 10.** There is a small triangle to the immediate left of the name Spring Creek Church Podcast. You can click on it to show or hide the list of available messages. It may take a few seconds for the list to show depending on your internet connection.
- 11.** It should have a small orange ball spinning to the left of the name to show that it is downloading the most recent podcast and you can see it in the list by clicking on the triangle if you haven't already.
- 12.** At the bottom of the iTunes Podcast page there is a "Settings" button. Here you can set the podcast features such as automatically downloading podcast, when to download them, which ones to download, and how long to keep them on your computer.
- 13.** Have fun, enjoy the messages, and be blessed.
