Read: Luke 16 & 17

This section teaches on some key topics: integrity & trust, sin & it's slippery slope, gratitude & ingratitude...

There are many important life-lessons Jesus speaks into our lives in this section & we hope you read it before our study together on Sunday morning.

We are so proud of you and your intentionality to learn all that God has written to equip us and encourage us to live a life that is wise & not foolish.

The Gospel of Luke, Dr. Luke, a scientist, physician, does a careful investigation of the life of Jesus and through the Holy Spirit...

He writes an amazingly detailed, historical account of the life of Jesus Christ.

Luke also wrote the Book of Acts = These two books account for about 25% of the New Testament!

Do not miss this Sunday study series, you will be amazed to discover things that changed Luke's life & has changed lives for generations!
